

# THE SECRET KEY – NUMA

*MUSICA di Max Minoia / Velka*

*TESTO di NUMA / Phil Palmer*

*Prodotto da Vittorio Giannelli e Matteo Caretto*

Feel like I want to be  
A different kind of me  
and now all I want to see  
is how to change the world  
Maybe you want to try  
Logging into my mind's eye  
Love will connect our Wi-Fi  
together we'll heal the world

Love will show  
The right way to go  
Watch how we can grow  
Hold my hand and we can fly

If we are caring  
giving and sharing  
believe in a better future  
yes we can  
make a connection  
cause a reaction  
that rumbles like a sound of thunder  
going bam-bam  
Put into action  
the law of attraction  
channel your hopes and dreams  
set them free

Choose a direction  
seeking perfection  
sharing the power of love  
Is the secret key  
The key

For all of you people out there  
The selfish and those that don't care  
stop thinking about yourself  
It's time to make a change  
It's always about the me  
try thinking about the we  
together we hold the key  
to make this a better place

So you know how miracles happen  
just try to let go  
Hold my hand and we will fly

If we are caring  
giving and sharing  
believe in a better future  
yes we can  
make a connection  
cause a reaction  
that rumbles like the sound of thunder  
going bam-bam  
Put into action  
the law of attraction  
channel your hopes and dreams  
set them free

Choose a direction  
Seeking perfection  
sharing the power of love  
Is the secret key  
Is the secret key  
That's the secret I can share with you  
Just believe that it's true

No need to say it  
We just have to face it  
make this a better world  
Yes we can  
Make a connection  
The law of attraction  
That rumbles like the sound of thunder  
Going bam-bam  
If we conceive it  
love can achieve it  
the answer is in your heart  
let me tell you  
Choose a direction  
Seeking perfection  
sharing the power of love  
Is the secret key  
The key.
